Background

In the context of "Made in China 2025" and the expansion of "intelligence +", China's large and small factories have entered a wave of intelligent upgrades. The rapid development of emerging technologies such as 5G, industrial Internet, big data, cloud computing, and intelligent logistics and storage are driving the development of intelligent manufacturing.

The new impetus is driving China's manufacturing industry to rapidly shift towards smart manufacturing.

As an important economic city in the Yangtze River Delta, Shanghai focuses on the development of smart manufacturing as an important element for developing the "Made in Shanghai" brand.

In the three-year action plan for smart manufacturing released in Shanghai, it is planned that by 2021, the city's smart manufacturing equipment industry will exceed 130 billion yuan, of which robot and system integration industry will exceed 60 billion yuan.

This will be the third year of SMART FACTORY CONFERENCE is to be held in The Yuluxe, A Tribute Portfolio Hotel on September 25, 2020.

Songjiang government, the department of Investment Promotion Service Center will hold this conference to further more discuss how to make traditional manufacturing develop quickly to meet the smart goal set by government.

The conference will focus on the energy efficiency of manufacturing plants, R&D visualization, intelligent production, quality control monitoring and other links, and share related solutions on the needs of automation, cost reduction, discrete factory management, predictable maintenance, 5G technology applications, etc. Technical trends, and practical cases.

Conference Outline

Global Smart Factory Summit 2020

September 25, A.M.	Main Session(9:30am-12:00am)
	CEO meeting (10:30-11:30am) Government Leaders/Chamber of Commerce/Senior corporate leaders
September 25, P.M.	Session: Automated production and intelligent warehouse logistics

Highlights

Online and offline

precision industry experts and guests to share industry innovation technologies, Q&A with expert directly

Dialogue with government leaders directly

Diverse Forms of Communication

Expert speeches, brainstorming, free discussion at coffee breaks and business dinner exchanges combined, the meeting formats are rich and diverse

Live case sharing

Explore strategies and application case studies to create profitable products that meet consumer needs

Exhibition and new

technology release area Display the latest products and technologies to help you quickly and easily understand the latest information on technological innovation and scientific development

Supply and demand matching exchange

In response to the procurement needs of companies we will further provide supply and demand match making meeting to maximize the value of your participation

Innovation Topics

Main Session morning:

- Post epidemic, thinking about the development of smart manufacturing in China
- The way to build smart factories under the background of "new infrastructure"
- Smart factory top-level design and intelligent manufacturing capability evaluation
- Smart factory network communication solution
- Application of 3D laser scanning technology in digital factory modeling
- Smart factory construction practice and standardization points under digital transformation
- Discussion on industrial predictive maintenance and industrial information security
- Integration and innovation of 5G and industrial Internet

Day Afternoon: Automated production and intelligent warehouse logistics

- Internet of Things and Industrial Automation Technology Research
- Facing manufacturing, terminal enterprise flexible automation case sharing
- Application and demand of smart equipment in automated production
- Robot advanced technology lean intelligent manufacturing
- The role of smart storage security systems in smart factories
- Intelligent warehouse management system based on radio frequency identification technology (RFID)
- How artificial intelligence activates new opportunities for smart logistics
- Practical application cases of AGV realization of intelligence in the factory
- Material handling in smart factories and in-factory logistics to solve problems
- Application of machine vision recognition system in warehouse logistics system

Who will attend?

- Representatives of industrial automation applications such as the automotive industry, rail transportation industry, electronics and electrical industry, pharmaceutical manufacturing, food and beverage, and engineering machinery
- Smart factory system integrator, industrial intelligent solution provider
- Intelligent equipment and component manufacturers, industrial robot research and manufacturing / supporting units
- Data hard disk development / cloud computing software enterprise, industrial Ethernet / bus technology / wireless transmission technology production enterprise
- Sensors, infrared devices, RF manufacturers
- Relevant institutes and universities

Agenda

Global Smart Factory Summit Agenda 2020		
Morning September 25 th , Main session		
	Time	Topics
 www.songjiang.gov.cn	09:30-09:40	Opening Speech by Songjiang Mayor Opening Speech by President of Italian chamber Mr. Paolo Bazzoni Opening Speech by General Manager of German Chamber Dr. Winkler Sigrid
 www.songjiang.gov.cn	09:40-10:00	Government policy share to delegates by government Director
 Ministry of Industry and Information Technology of the People's Republic of China	10:00-10:20	The way to build a smart factory in the context of "new infrastructure" Mr. Chen Kelong, Deputy Director, Department of Equipment Development, Ministry of Industry and Information Technology (To be drafted)
 Ministry of Industry and Information Technology of the People's Republic of China	10:20-10:40	Smart factory construction practice and standardization points under digital transformation Mr. Dong Ting, Deputy Director of the Ministry of Science and Technology Development, Institute of Electronic Technology Standardization of the Ministry of Industry and Information Technology
	10:40-11:00	Coffee Break
	10:30-11:30	CEO private meeting (20 CEO from overseas companies in different industry with government people)
	11:00-11:20	Alibaba Cloud
	11:20-11:40	Mr. Qi Feng, Chief of Product and Strategy Consulting/Vice President of Greater China, Siemens Industrial Software (Shanghai) Co., Ltd.
	11:40-12:00	New infrastructure and new track: 5g enabling industrial Internet Dr. Rong Tianle, Foxconn Technology Group
 Mercedes-Benz 北京奔驰	12:00-12:20	Practicing and Application of Intelligent Manufacturing in Benz Beijing Mr. Guo DongDong, General Manager, Mercedes Benz Beijing
	12:20-12:30	Picture Together

Agenda

	Day afternoon, Automated production upgrade and Smart Logistic	
	13:30-13:50	Industrial Internet empowers Chinese manufacturing Mr, Xiao Shanpeng President China mobile research institute internet of things technology & application institute
	13:50-14:20	Lean Production, WERMA Always with you Mr. Deng Jingzhi, Director of WERMA
	14:20-14:50	Carl Zeiss (shanghai) Co., Ltd
	14:50-15:10	Coffee Break
	15:10-15:40	SKF→Ewellix High End Intelligence Mr. Leo Li, NBD and Technical Supervisor, Ewellix China
	15:40-16:10	Comau in.Grid Solutions – Combination of Manufacturing and Intelligence Mr. Wang Junwu, Powertrain Assembly BU Engineering Director, Comau
	16:10-16:30	Auto parts enterprise flexible automation case sharing Mr. Song Rui, Director of Manufacturing, Kostal (Shanghai) Management Co., Ltd.
	16:30-16:50	KUKA's Smart Manufacturing Solution towards I 4.0 Mr. Henry Wang, CEO CHINA, KUKA

Previous Speakers

Mr. Xiaojun Chen

Deputy Head of Songjiang District

Topic: Adhering to the new development concept promoting the construction of G60 science and technology corridor with high quality

Mr. Jianquan Yao

Chinese Academy of Sciences, Academician

Topic: Look at the development of smart manufacturing, China's 2025 strategy

Dr. Winkler

German Chamber of Commerce in China
General Manager

Topic: Opening Speech

Mr. Tianen Li

HUAWEI

Chief Expert of Manufacturing Solutions

Topic: HUAWEI Smart Manufacturing and Digital Practice

Mr. Frank Fang

SEIMENS Industry Software
VP & CTO Great China

Topic: The Revolution of Perfect Smart Factory Modular

Mr. Fayong Shi

Quanjiao County, Standing Committee Member of the County Party Committee and Executive Deputy County Chief

Topic: Speech by Automation Branch

Mr. Zhe LIU

ZTE, Chief Engineer

Topic: Challenges and Opportunities Brought by 5G for Electronics Manufacturing

Mr. Chuanliang Tao

Vice President, CCID (Shanghai) Advanced Manufacturing Research Institute

Topic: New Trends in Smart Manufacturing

Mr. Hongyu Cui

General Manager, Innovation Technology Microsoft (China) Co., Ltd.

Topic: The way of industrial interconnection in the 5G era

Mr. Yuzhe Cao

General Manager of Ningbo Tencent Cloud Industry Base Industry Center

Topic: 5G + Industrial Internet Platform

Mr. Zhong Dai

Deputy Director, Shanghai Songjiang District Investment Promotion Service Center

Topic: G60 Science and Technology Corridor in the Yangtze River Delta

Mr. Antonio FARESE

China-Italy Chamber of Commerce Board Member

Topic: Opening Speech

Ms. Deli Zhang

Mingguang City, Vice Chairman of the CPPCC

Topic: Speech by Digital Chapter

Mr. Wallace Bie

Comau, Head of marketing APAC

Topic: COMAU Smart Manufacturing Solution

Mr. Yanchen Gao

Qingdao Academy of Intelligent Industries of CAS, Deputy Dean
Qingdao Wanlong High-Tech Group, Chairman

Topic: Smart Factory and Parallel Technology Application

Mr. Weimin ZHANG

Institute of Advanced Manufacturing Technology TONGJI University, Director

Topic: How to Move Modern Factory from Automation to Intelligence

Mr. Mingming Yu

Leader of the flying project, China Unicom

Topic: Endless imagination, the ultimate future insert the wings of wisdom for high-quality industrial development

Mr. Shangbo Jin

Head of IoT Promotion Division, Patlite Electronics (Shanghai) Co., Ltd.

Topic: Wireless data acquisition and equipment operation visualization solution

Mr. Yong Yuan

Associate Researcher, Institute of Automation, Chinese Academy of Sciences
Deputy Director, Parallel Intelligent Technology Innovation Center, Qingdao Intelligent Industry Technology Research Institute

Topic: Blockchain Technology: Status, Trends and Industrial Applications

Mr. Dingping Zhang

Technical Director, Haier Digital Technology (Shanghai) Co., Ltd.

Topic: Exploration of Haier COSMOPlat Mass Customization Platform 5G + Application Scenario

Inviting Enterprises

Automobile and Parts Enterprises

SAIC Maxus Automobile Co., Ltd. Nanjing Branch
SAIC General Motors Co., Ltd
Shanghai NIO Automobile Co., Ltd
SAIC Motor Corporation Limited
Shanghai Hino Engine Co., Ltd
Shanghai Baolong Automotive Corporation
Shanghai Volkswagen power assembly Co., Ltd
Beijing Benz Automotive Co.
Continental Automotive Investment (Shanghai) Co., Ltd. (China)
Aima Inc.
Anhui Hualing Automobile Co., Ltd
BORGWARD
BYD Company Ltd.
Dongfeng Motor Company Limited
Giant Bikes
Great Wall Motors (GWM)
Geely Holding Group
Weichai Holding Group Co., Ltd.
SCHAEFFLER Group
Shanghai Sax power assembly parts System Co., Ltd
Shanghai Huizhong Sachs Shock Absorber Co., Ltd
Magna International Inc
Delphi (China) R & D Center Co., Ltd
Delphi Parker Electric System Co., Ltd
Delphi Shanghai power and Propulsion System Co., Ltd
Borgwarner Group
UAES
Bosch (China) Investment Co., Ltd
Liszt Technology Center (Shanghai) Co., Ltd
Continental Asia Pacific Management (Shanghai) Co., Ltd
.....

Packaging Enterprises

ZIJIANG Holdings
Shanghai Tobacco Packaging Printing Co., Ltd
Shanghai Luxin Packing Materials Science and Technology Co., Ltd.
Shanghai Jinding Printing Co., Ltd
Shanghai ziri Packaging Co., Ltd
Longlide packaging printing (Shanghai) Co., Ltd
Sanying Packaging (Jiangsu) Co.,Ltd
Shanghai Yongsheng Packing Co., Ltd
Zhejiang Dashengda Packaging Co., Ltd
Zhejiang Dahua Packaging Group Co., Ltd
Tetra Pak (China) Co., Ltd
.....

Electrical Automation Enterprises

Honeywell International
Rockwell Automation
Shanghai Electric
General Electric Company
PATLITE Corporation
TE Connectivity
KEYENCE
WAGO
.....

Food Enterprises

Uni-President
Baolingbao Biology Co.,Ltd
Hangzhou Wahaha Group Co.,Ltd
North China Pharmaceutical Company Ltd
China Resources C'estbon Beverage (China) Co., Ltd
CHIC Group
Shenyang Toly Food Co.,Ltd
Shanghai Totole Food Ltd
Tsingtao Brewery Co., Ltd
Nuskin Co., Ltd
