2020

Ningbo Mold

The Mold Technology (Ningbo) Forum 2020

May.29th
Ningbo·China

Mold industry has long been known as the "mother of industry" reputation, the development of modern industry has brought unprecedented opportunities, and the application of mold materials plays a pivotal role in mold manufacturing. Plastic, as one of the important mold materials, has been widely used in home appliances, automobiles, electronics, electrical appliances and communication products. China's plastic mold industry has a bright future with the application needs of high-tech and pillar industry.

"The Plastic Mold Technology (Ningbo) Forum 2020" will be held in Ningbo on May 29th, which will focus on hot topics of innovative technology and mold application, to make suggestions for the development of the plastic mold industry.

Organizer:

Ringier Events
Connecting industry through information exchange!

Co-Organizer:

宁波市模具行业协会

Highlights :

Experts' Insight

200+ experts and guests, sharing cutting-edge

Diverse Forms of Communication

The experts' speeches, informal networking opportunities during tea breaks, business dinner and factory visit combined

Case Studies

Explore strategies to create profitable products that meet consumer needs

Expo and Technical Seminar

Find out about the latest technology and products. An easy and fast way to acquire updates on innovative technology and scientific development

Buyer-Supplier Match Making Service

Offer match making service to meet the specific purchasing purpose

Hot Topics :

- Technology prospect of modern mould
- Application of Hot Runner Technology in Injection Mold
- Development of Advanced Technologies
- Application of 3D Printing Technology in Mold
- Application of Two - color Injection Molding Technology
- Research and Application of Micro-foaming Injection Molding Technology
- Surface Strengthening Technology in Mold
- Application of Block Chain in Mold Manufacturing
- Innovation of Online Monitoring Technology
- Mold Cleaning and Maintenance Technology

Who Should Attend :

By Industry

- Automobile, Communication, Consumer Electronics, Household Appliances and Other Application Enterprises
- Plastic Mold Manufactures
- Mold Material Suppliers
- Supplier of Mold Processing Machines and Tools
- Government / Association / Institutions and Other Third-Party Institutions

By Position

- President/ General Manager
- Engineering/Project Department Supervisor
- Technical/ Equipment Department Supervisor
- R&D/Design Department Supervisor
- QA/QC Supervisor
- Sales/Marketing Supervisor
- Government/ Association / Institutions/ Other Related Delegates
- Others

Previous Speakers and Topics :

Xiaoyan Zhang

Ningbo Mould Industry Association
Secretary general
Opening speech

Jinshen Huang

Ningbo Far East Mold Making Co., Ltd.
Chairman/general manager
Topic: Core Points and Technology Prospects of Modern Mold Design and Manufacturing

Qiongfeng Mei

Shanghai Jiaotong University
Senior Engineer, Head of Dongguan Industry-University-Research Cooperation Project
Topic: The Key and Outlet of Industry-University-Research Cooperation from the Development of Hengli Die Industry Cluster

Chunyu Liu

JAC Automotive Technology Center
Technical Manager
Topic: Application of Four New Technologies in Stamping Process

Junde Du

Computer Aided Technology Exchange Association Ningbo Branch and Japan Branch / Ningbo Chuangji Machinery Co., Ltd.
President / Vice President
Topic: Introduction of Japanese Advanced Moulds-Mould Slider Solutions

Yuanming Zhang

Ningbo Institute of Materials Technology and Engineering, Chinese Academy of Sciences professor
Topic: Application and Challenges of Advanced Additive Manufacturing Technology in the Mold Industry

List of previous participating companies :

TVT Die Casting Manufacturing & Inc.
Anhui Jieda Intelligent Machine Co., Ltd.
Itanium electric injection molding machine
Oaks family research mold
Oaks Air Conditioning Co., Ltd.
Deli Group Mould Factory
Deere Electronics (Beijing) Co., Ltd.

Co-Organizer:

Ningbo Mould Industry Association

Ningbo Mould Industry Association is affiliated to Ningbo Economic Commission. It is an association that is recommended by the Municipal Economic Commission and decided by the leading group of Ningbo civil organization and management to carry out the pilot work of industry association cultivation and development.

Ningbo Mould Industry Association was established in June 2001. It is necessary for the transformation of government functions and in-depth reform. She will implement the national and government guidelines for the development of the mould industry, gradually perform industry management functions, and participate in the formulation of industry planning and regulations. Protect the legitimate rights and interests of enterprises, reflect the requirements and voices of enterprises, and play the role of a bridge between the government and enterprises.
