

Global Industry • Hybrid Event

For 20 years Ringier successfully connects suppliers and buyers in Mainland China, Taiwan, Hong Kong, Asia Pacific region and European markets. We are proud to provide companies with opportunities to expand their businesses and help with difficult process of finding reliable partners. In response to the impact of COVID-19, Ringier also provides more communication modes, including **Virtual Event** and **Hybrid Event**. Even in the office, you also can build trustworthy relations and develop new sales leads.

- **Focus on 4 markets and online coverage to the world**

1. China 2. S.E. Asia 3. Europe 4. Latin America

- **4 industries**

1. Industrial Metalworking Group (Metalworking, Automotive, Laser, Smart Manufacturing, Medical Equipment)
2. Plastics & Chemical Processing Group
(Plastics & Rubber, Coatings & Ink, Nonwovens, Composites)
3. Food, Beverage, Personal Care Group
4. Smart Manufacturing & 5G Group

- **Two effective ways to expand your business opportunities through Ringier Events**

1. Virtual Event 2. Hybrid Event (Physical Event + Live Stream)

New features of Ringier Hybrid event:

To reflect the new reality of business networking all of Ringier's physical events have been transformed into a new form this year. By adding Live Streaming service, Virtual Exhibition Hall and more, we combine offline and online experience to create a diversified communication activity to meet the different needs of clients.

- ◆ By expanding to both offline and online participation, you can enjoy the seamless experience of enhanced business networking using the best tools of **both virtual and physical advertising**.
- ◆ **No geographic or travel limitations:** due to dual nature of the event, it can attract those attendees otherwise wouldn't be able to physically participate in the event.
- ◆ Sponsors can **attend the physical events in person** or can connect with the audience via **an online speech from the heart of their company** and communicate with the participants.
